

Custom Engraving Instructions

1. Please make sure that your custom engraving consists of clear solid objects. We will contact you if your engraving is too complex or requires edits.
2. To get your image to us, simply upload your custom image in our engraving tool and checkout.
3. If you are unable to upload your image for any reason, simple checkout and send us your custom image along with your order number to service@larsonjewelers.com
4. If you are having trouble, contact us by email or call us at 888-602-6862.
